HANDICAPS

- Teams will start the first week with their ending handicap from prior season. After the first two rounds are scored, the new handicap is in effect and last year's score will be discarded.
- New teams use 85% rule listed below for the first two weeks
 - 85% rule rounded down in place for first two rounds (applies to new teams or teams that did not play the previous year)
 - Example:
 - a. Couple shoots gross 43 (7 over)
 - b. $7 \times 85\% = 5.95$.
 - c. Rounded down is a 5 handicap for that round, net 41
- After two rounds completed a 90% running average cumulative to par will be in place for the duration of league play
 - Example:
 - After 2 rounds (43 and 48) couples average is 45.5
 - Relative to par (45.5-36) = 9.5 over
 - 90% of 9.5 = 8.55
 - Rounded down Handicap is 8
- The handicap will be figured weekly based on previous week's scores and available to view on website.
